

# Addition and Subtraction

Add the numbers in the clouds. If you need help count the raindrops.

$$\begin{array}{c} \text{Cloud with } 10 \\ \text{10} \\ \text{5 raindrops} \end{array} + \begin{array}{c} \text{Cloud with } 1 \\ 1 \\ \text{1 raindrop} \end{array} = \begin{array}{c} \text{Empty cloud} \\ \text{0 raindrops} \end{array}$$

$$\begin{array}{c} \text{Cloud with } 8 \\ 8 \\ \text{8 raindrops} \end{array} + \begin{array}{c} \text{Cloud with } 4 \\ 4 \\ \text{4 raindrops} \end{array} = \begin{array}{c} \text{Empty cloud} \\ \text{0 raindrops} \end{array}$$

$$\begin{array}{c} \text{Cloud with } 5 \\ 5 \\ \text{5 raindrops} \end{array} + \begin{array}{c} \text{Cloud with } 7 \\ 7 \\ \text{7 raindrops} \end{array} = \begin{array}{c} \text{Empty cloud} \\ \text{0 raindrops} \end{array}$$

$$\begin{array}{c} \text{Cloud with } 9 \\ 9 \\ \text{9 raindrops} \end{array} + \begin{array}{c} \text{Cloud with } 3 \\ 3 \\ \text{3 raindrops} \end{array} = \begin{array}{c} \text{Empty cloud} \\ \text{0 raindrops} \end{array}$$
